

St Peter's Hall

In 1969 a group of energetic people decided to convert what had been a stable block into a Church Hall. By 1976, after much hard work and fund-raising, the hall as it is today was completed.

The hall is now used for many activities and between the months of May and September is open to serve refreshments to the many visitors to the church.

A happy band of people working in small teams ensure that the hall is open from 10am to Noon and 2pm to 4pm Monday to Friday. At other times the hall is used by church organisations, fund-raising or let to other organisations.
